Absent: Brenda Monk

Meeting called to order, pledge of allegiance said

Roll call

No Public comment

Prior meeting minutes. Gauthier moved, Wolverton second to approve minutes, all in favor, motion carried.

May Buell Park Updates and Discussion:

Maintenance schedule reviewed:

Monday: Wolverton

Tuesday: Gauthier

Wednesday: Erdman

Thursday: Girven

Friday: Schweyer

Saturday: Merrill

It was decided that the Township should contact Heyboer landscaping regarding a bid to do shoreline erosion control as they have done on other properties on the lakeshore.

Water at the park was discussed. Deemed not a high priority by the committee, but maybe for the future.

It was discussed whether we should get some additional no parking signs and put them on poles rater than on the trees, just a simple “P” with the X-out would do.

Erdman noted that she observed someone who had pulled through the parking lot and onto the grass to park, and after discussion, it was suggested the township check into installing parking bumpers.

Wolverton volunteered to make a sign for the toy bin to discourage use as a trash receptacle.

The committee requested that the township order 20 yards of beach sand to be delivered. After that is delivered and the weather warms up, we will install the buoys and mobi-mat.

Township Park: Schweyer updated on the new equipment at the township hall, the re-do of the ballfield, and upgrade to Handicap accessible Porta-jon with hand wash station.

Schweyer and Erdman will tour the park on Lakeside Ave to assess the condition of the building and take pictures to share with the committee in considering what to do with it.

With no further business, the meeting was adjourned at 6:05 p.m.
