May Buell Park	Update on shoreline erosion control. Work is complete and we are waiting for EGLE inspection. Swing Discussion – Schweyer provided pictures of recommended swing which is made locally. All agreed this is a great idea for the park and recommend to the board to purchase and install. Discussed two locations – one on the lakeside next to the current benches off on the grassy area, the other in the grass area in the park near the picnic tables. In either case securing it to the ground was discussed using anchors that then lock the swing down vs cement. Schweyer has inquired when the dumpster will be removed from township supervisor. No word at the time of this meeting.	*Schweyer to have picture and possible price for the board to review.*

	Clean schedule is discontinued with recommendation the township maintenance person check/clean on a weekly basis. Lawn at the park was discussed. It was recommended that the weeds be treated at the park with "Just Green" company. Additional recommendation that the supervisor have a discussion with the mowing company to **not** mow so short as this encourages the weeds to grow vs grass. No Parking Signs - It is a preference to have the signs moved from the tree(s) to wooden poles as it would look more professional and do less harm to the trees at the park.	*Recommendation to have "Just Green" do weed treatment at the park and have supervisor talk to mowing company to not mow so short so that grass can grow.*
Township Hall Park	Pickle Ball – Erdman noted that the screens will come down the end of October. The screens look okay for another year. Additionally noted was the surface of the court may need repainting in the upcoming year. Erdman noted she will do another treatment of weed killer on the playground area. Tennis Court Net: It was noted in the prior meeting minutes that it had been received. Is installation waiting for next spring? The Ball field fence has been removed!	
Pleasanton Park on Lakeside Avenue	Dog Waste Station: Schweyer noted she is checking weekly and will continue to do so.	
Glovers Lake Public Access	Glovers Lake Public Access: Maintenance man has cleared a path to the lake. The area is too steep for a trail or path.	
Public Access Areas	Three Pines access discussed. Committee recommends a wooden path to the bench at this location due to the wet ground. A permit from EGLE may be necessary.	
Meeting Schedule	Monk provided a draft meeting schedule for 2027. Meeting time is 5:30 p.m. on the following dates: April 19, 2027, May 17, 2027, June 21, 2027, July 19, 2027, August 16, 2027, and September 20, 2027.	*Motion by Schweyer, second by Gauthier to approve 2027 Recreation Committee Meeting Schedule.
